JOE GAMEWELL - BUYER
2415 Lower Nettle Rd
West Jefferson, NC 28694

Good afternoon!

The wood destroying insect report for the property mentioned above is scheduled for Wednesday 04/12 between 10a-12p. We will need prepayment, and access instructions by 5pm on Tuesday 04/11. On the request form, it was listed that the buyer was using a VA loan. Sometimes that means that the seller will be required to pay for the inspection. It can also mean that all structures on the property must be inspected. You will need to get with the lender to see what they require. Whomever is responsible for payment will need to call our office at 828-758-4312 to provide debit or credit card information. If any additional structures are needed please let me know. Prepayment is required for all wood destroying insect reports and/or radon tests. We do not have access to showing time or supra, so we will need a lockbox code for access. Please let me know if you have any questions.

Our offices will be closed on 04/07 for Good Friday. We will reopen on Monday 04/10.

Thank you, and have a wonderful day!

Cortnee Mise
