Uniform Residential Appraisal Report

1524043953
File # 202403-9695

SUBJECT

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

Property Address	462 Avon Ave	City	Troutman	State	NC	Zip Code	28166
Borrower	Colon & Christopher Zollner	Owner of Public Record	Damaris Vergara	County	Iredell		
Legal Description	L88 Inglewood S-2 PB 12-34						
Assessor's Parcel #	4731631835.000	Tax Year	2023	R.E. Taxes \$	2,336		
Neighborhood Name	Inglewood	Map Reference	16740	Census Tract	0612.02		
Occupant	☐ Owner ☐ Tenant ☒ Vacant	Special Assessments \$	0	☐ PUD	HOA \$	0	☐ per year ☐ per month
Property Rights Appraised	☒ Fee Simple ☐ Leasehold ☐ Other (describe)						
Assignment Type	☒ Purchase Transaction ☐ Refinance Transaction ☐ Other (describe)						
Lender/Client	United Wholesale Mortgage	Address	585 S Blvd E, Pontiac, MI 48341				
Is the subject property currently offered for sale or has it been offered for sale in the twelve months prior to the effective date of this appraisal?							
☒ Yes ☐ No							
Report data source(s) used, offering price(s), and date(s). DOM 1;The subject was MLS listed on 03/11/24 for \$299,000 with no noted price changes.							
Under Contract, MLS #4115426.							

CONTRACT

I ☒ did ☐ did not analyze the contract for sale for the subject purchase transaction. Explain the results of the analysis of the contract for sale or why the analysis was not performed. Arms length sale;The appraiser was provided by the client with a 17 page contract which was fully executed with no atypical terms noted.

Contract Price \$	290,000	Date of Contract	03/12/2024	Is the property seller the owner of public record?	☒ Yes ☐ No	Data Source(s)	Assessor Records
Is there any financial assistance (loan charges, sale concessions, gift or downpayment assistance, etc.) to be paid by any party on behalf of the borrower?							
☐ Yes ☒ No							
If Yes, report the total dollar amount and describe the items to be paid. \$0;;							

NEIGHBORHOOD

Note: Race and the racial composition of the neighborhood are not appraisal factors.

Analysis of prior sale or transfer history of the subject property and comparable sales The prior transfer of the subject was a "flip" below market value. The current value estimate is above the prior transfer price due to the below market sale. There was another transfer on 09/08/2022 for \$141,750 which was prior to updating. There were no sales of the utilized comparables within 12 months prior to the sales reported above.														
Summary of Sales Comparison Approach See attached addendum.														
Indicated Value by Sales Comparison Approach \$ 291,000														

RECONCILIATION

Indicated Value by: Sales Comparison Approach \$ 291,000				Cost Approach (if developed) \$ 287,304				Income Approach (if developed) \$			
The sales comparison approach is considered the most reliable indicator of potential market value. The cost approach has been developed and is given no weight. The income approach was considered and not developed as single family homes are not typically purchased for income producing potential.											
This appraisal is made ☒ "as is", ☐ subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, ☐ subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or ☐ subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair:											
Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is \$ 291,000 , as of 03/20/2024 , which is the date of inspection and the effective date of this appraisal.

File No. 202403-9695

Borrower	Colon & Christopher Zollner				
Property Address	462 Avon Ave				
City	Troutman	County	Iredell	State	NC Zip Code 28166
Lender/Client	United Wholesale Mortgage				

Report Type

This real property appraisal report has been prepared under the Uniform Standards of Professional Appraisal Practice option entitled "Appraisal Report".

Scope Of Work

Subject Property Identification; The appraiser has viewed all readily accessible areas of the dwelling (and any other building structure located on the property). This is not intended to be the same depth or for the same purpose as a home inspection. The appraiser has viewed the property solely for valuation purposes and to observe property characteristics that a typical purchaser would consider in their decision making process, as well as those items outlined in the assumptions and limited conditions and certification to this appraisal. Personal property was not included in the appraised value.

Sources of Information:

The appraisal is based on the information gathered from public records, MLS, Realist, viewing of the subject property, neighborhood and comparable properties and other sources specifically identified in this report. When conflicting information has been discovered, the sources deemed most reliable have been used. Reported room counts and gla often differ from public records as these items are rarely reported accurately within public records. MLS data is typically found to be more accurate. Reported site size may differ slightly from public records due to rounding to the nearest hundredth.

A file photo was provided for comparable #5 as the digital photo was corrupted and would not upload. The appraiser did inspect the exterior of the home from the street.

This appraisal report has been prepared in compliance with the Uniform Appraisal Dataset (UAD) from Fannie Mae and Freddie Mac. The UAD requires the appraiser to use standardized responses that include specific formats, definitions, abbreviations, and acronyms. The appraiser attempted to obtain an adequate amount of information in the normal course of business regarding the subject and comparable properties. Some of the standardized responses required by the UAW, especially those in which the appraiser has not had the opportunity to verify personally or measure, could mistakenly imply greater precision and reliability in the data than is factually correct or typical in the normal course of business. Examples include condition and quality ratings as well as comparable sales and listing data. Not every element of the subject property was viewable and comparable property data was generally obtained from third-party sources. Consequently, this information should be considered an "estimate" unless otherwise noted by the appraiser.

Additional Appraiser Certification

The appraiser certifies and agrees that this appraisal was prepared in accordance with the requirements of Title XI of the Financial Institutions, Reform, and Enforcement (FIRREA) of 1989, as amended (12 U.S.C. 3331 et seq.), and any applicable implementing regulations in effect at the time the appraiser signs the appraisal certification.

The appraisal was prepared in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice.

Appraiser Insurance Requirements

The appraiser is aware that the client has certain Errors and Omissions Insurance requirements in place for vendors of appraisal services. Proof of Errors and Omissions Insurance has been provided and is on file with the entity that engaged Redstone Valuations, LLC for this assignment. The appraiser is covered by the company's E&O.

Appraiser Independence

No employee, director, officer, or agent of the lender, or any other third party acting as joint venture partner, independent contractor, appraisal company, appraisal management company, or partner on behalf of the lender, has influenced or attempted to influence the development, reporting, result, or review of this appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner.

Supplemental Addendum

File No. 202403-9695

Borrower	Colon & Christopher Zollner				
Property Address	462 Avon Ave				
City	Troutman	County	Iredell	State	NC Zip Code 28166
Lender/Client	United Wholesale Mortgage				

Intended Users

The intended user of this appraisal report is the lender/client. The intended use is to evaluate the property that is the subject of this appraisal for a mortgage finance transaction, subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No additional intended users are identified by the appraiser.

This appraisal is not to be used by any party for insurance purposes.

SUBJECT SECTION

Legal Description

A partial description has been included on pg. 1 of the report.

Occupancy/Utilities

At the time of the appraisal the subject property was vacant with the electric, plumbing, heating and cooling systems on and functioning.

No atypical energy efficient items were noted for the subject or the provided comparables.

Highest and Best

Current legally permissible uses of the subject site include its current use. The likelihood of a zoning change is remote and due to the existing use and zoning, no alternate use is likely. The improvements are compatible with market demand for the neighborhood and the present improvements contribute to the value of the subject property so that its value is greater than the estimated vacant site value and/or other legally permissible, physically possible, probable and financially feasible potential uses. The relevant legal, physical, and economic factors were analyzed to the extent necessary and resulted in a conclusion that the current use of the subject property is reasonably determined to be the highest and best use.

NEIGHBORHOOD

Other land use includes but is not limited to vacant land, a school and other non residential property. There is also commercial/industrial property, a railroad, a busy road and a major highway within the subjects general area.

SITE SECTION

Site / Accessibility

The subject property is accessible year round in all types of weather conditions.

Subject Aerial Photo

An aerial photo of the subject has been provided in this report.

The subject is not noted to be a working farm, hobby farm or other income producing property. There is no noted commercial or agricultural use of the land.

IMPROVEMENTS SECTION

The appraisers reported gla(1,097 sf), measured in accordance with the ANSI Standard per Fannie Mae requirements, is in line with the assessors reported gla(1,098 sf).

The subject has not been damaged, nor marketability affected by any recent storm or disaster.

The water heater is equipped with a temperature and pressure-relief valve with piping to safely divert escaping steam or hot water.

Per known local guidelines the subjects water heater is not required to be double strapped.

Subject Gross Living Area (GLA) and ANSI

ANSI Compliance I have measured the subject property in compliance with "SQUARE FOOTAGE- METHOD FOR CALCULATING: ANSI Z765-2021"

Statement of Finished Square Footage

- 1. The finished above-grade square footage for the subject property can be found in the Improvements Section and on the sketch or within sketch calculations.
- 2. Unfinished below-grade square footage can be found in on the sketch or within sketch calculations

Sales Comparison Approach Section

Comparable Search Parameters

MLS research of the subject's market area was performed to identify the most reliable indicators of value for the subject. The utilized comparables are considered to be the best available matches to the subject.

The comparable sales used were determined by searching the neighborhood boundaries, as defined in the neighborhood section of the report, within one year, within 1.5 miles, similar in marketability to the subject.

The search resulted in 11 active listings and 40 sales. Due to a lack of recent comparable sales near to the subject the search parameters were expanded to include comparable #4. The resulting sales were reduced to the 5 comparable sales utilized in the report.

The appraiser provided the most similar, most recent and nearest comparables available. With the proper adjustments, the sales provided are the best available to adequately represent the subjects potential market value. No better or more comparable sales were excluded.

Comparable #1 was included as it is the nearest current sale similar to the subject in gla, condition, quality, age, room count, site and style. Comparable #2 is the nearest recent sale similar in gla, age, room count, parking, exterior features, site and style, to the subject. Comparable #3 is among the nearest current sales similar to the subject in basement, room count, site and style. Comparable #4 is among the nearest of few recent comparable sales to bracket the subjects condition and is similar in quality, room count, site and style to the subject. Comparable #5 is among the nearest current sales similar to the subject in gla, age, site and style.

Guidelines suggest comparables be within six months, one mile, and have gross adjustments less than 25%, net adjustments less than 15%, and individual adjustments not exceeding 10%. However, there are a limited number of recent comparables in the subject's neighborhood and surrounding areas. Due to this lack of recent comparables in close proximity to the subject, similar in condition, quality, gla, age and additional features, it was necessary to utilize comparables #1 and #3 which exceed 6-months, comparable #3 exceeding 1-mile, comparable #4 which required gross adjustments exceeding 25%. Adjustments of this magnitude were necessary and with these adjustments the utilized comparable is an adequate indicator of the subjects potential market value.

The adjustments made reflect the actions of a typical buyer in the market area, and are not cost based. All adjustments are market based using paired sales when possible and estimated buyer reaction to specific features.

This includes adjustments for condition, gla, quality, basement, baths, parking and exterior features, which were applied based on the value related difference between similar homes that could be attributed to these specific features. The applied adjustments are believed to be accurate and indicative of typical buyer reaction.

Supplemental Addendum

File No. 202403-9695

Borrower	Colon & Christopher Zollner				
Property Address	462 Avon Ave				
City	Troutman	County	Iredell	State	NC Zip Code 28166
Lender/Client	United Wholesale Mortgage				

No adjustment is applied for seller concessions as they are common in the area and based on similar current sales/listings in and around the area had no noted impact on the transfer price.

Comparable Sales/Actual Sales Prices

The unadjusted value of comparable #4 differs from the value estimate by more than 15%. The unadjusted value range of the provided sales exceeds 25% as well. This is common in the area and with the proper adjustments, the utilized sales are good indicators of the subjects potential market value.

Market data indicated no adjustment was required for difference in lot size as the local market considers sites reasonably similar in size, to be similar and comparable in utility.

No location adjustments are applied as local market data indicated all comps to have locations and to be located within areas considered similar and comparable to that of the subject. No comparables are located across significant geographic boundaries. A typical prospective purchaser would likely consider all locations when searching for a similar home in and around the area.

Quality adjustments are made to comparables #2, #3 and #5 based on MLS listing information which includes a description and interior photos that indicated a noted difference in materials and upgrades including but not limited to; Countertops, cabinets, tile, floor cover, exterior finish. No rating change was required as the rating encompasses a wide range of quality, materials and upgrades.

The gla of comps #2 and #3 differ from the subject by more than 20% which is common in the area.

The subjects style is not bracketed by the provided comparables. An attempt was made to provide comparables to bracket this feature and was not feasible or necessary. The search area was expanded up to 3 miles and no current split style homes were located. The most recent, nearest and most similar comparable sales to bracket most of the subjects significant features and adequately represent the subjects potential market value were included. Additionally, all of the provided comparables are similar in style and utility to the subject with no noted impact on value that could be attributed to the difference. To include less similar, less proximate, dated and/or inferior sales only to bracket this feature could result in a less credible value opinion.

The indicated value of the subject is below the neighborhood predominant value due to the subjects below average gla for the area. The average gla in the area is approximately 2,250 sqft. The value is however within range and supported by the local market. The subject is not an under improvement. This has no noted undue impact on marketability.

Age adjustments are applied for differences of 10+ years as there is a noted impact on the transfer prices of similar homes that can be attributed to overall age, outside of notable condition and updating differences.

Condition adjustments are made to comparables #1, #2, #3 and #5 based on MLS listing information which includes a description and interior photos that indicated a noted difference in updating and/or effective age including but not limited to; Kitchens, baths, floor cover, fixtures, windows, roofs, mechanicals, exterior finish, exterior features and overall maintenance. No rating change was required for comparables #1, #2 and #5 as the condition rating encompasses a wide range of updating and effective ages. The adjustments vary as the noted level of updating, effective age and/or impact varies. An adjustment is applied to comparable #4 as there is a significant noted impact on the transfer prices of current comparable new construction homes compared to similar updated homes.

No personal property was included within the estimate of value.

The estimate of value differs slightly from the contract price and the list price which is not uncommon. No atypical terms were noted within the contract of sale.

Supplemental Addendum

File No. 202403-9695

Borrower	Colon & Christopher Zollner					
Property Address	462 Avon Ave					
City	Troutman	County	Iredell	State	NC	Zip Code 28166
Lender/Client	United Wholesale Mortgage					

Reconciliation

All comparables share many meaningful attributes with the subject property and are good indicators of the subjects potential market value. The most weight is placed on comparables #1 and #2 as comparable #1 is the nearest current sale similar to the subject in gla, condition, quality, age, room count, site and style, while comparable #2 is the nearest recent sale similar in gla, age, room count, parking, exterior features, site and style, to the subject. Weight is also placed on comparables #3, #4 and #5 as comparable #3 is among the nearest current sales similar to the subject in basement, room count, site and style, comparable #4 is among the nearest of few recent comparable sales to bracket the subjects condition and is similar in quality, room count, site and style to the subject, while comparable #5 is among the nearest current sales similar to the subject in gla, age, site and style.

The provided sales were found to be the best available to bracket the subjects most significant features and adequately represent the subjects potential market value. No better, more ideal comparables to accomplish this were located.

As of the effective date of the report there has been no notable impact on market conditions that can be attributed to Covid-19.

Market Conditions Addendum to the Appraisal Report

1524043953
File No. 202403-9695

MARKET RESEARCH & ANALYSIS

The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009.

Property Address	462 Avon Ave	City	Troutman	State	NC	ZIP Code	28166
Borrower	Colon & Christopher Zollner						

Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc.

Inventory Analysis	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend		
Total # of Comparable Sales (Settled)	22	7	11	☐ Increasing	☒ Stable	☐ Declining
Absorption Rate (Total Sales/Months)	3.67	2.33	3.67	☐ Increasing	☒ Stable	☐ Declining
Total # of Comparable Active Listings	0	0	11	☐ Declining	☒ Stable	☐ Increasing
Months of Housing Supply (Total Listings/Ab.Rate)	0	0	3.0	☐ Declining	☒ Stable	☐ Increasing
Median Sale & List Price, DOM, Sale/List %	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend		
Median Comparable Sale Price	348,000	353,000	335,000	☐ Increasing	☒ Stable	☐ Declining
Median Comparable Sales Days on Market	47	15	38	☐ Declining	☒ Stable	☐ Increasing
Median Comparable List Price	0	0	335,000	☐ Increasing	☒ Stable	☐ Declining
Median Comparable Listings Days on Market	0	0	36	☐ Declining	☒ Stable	☐ Increasing
Median Sale Price as % of List Price	100	101	100	☐ Increasing	☒ Stable	☐ Declining
Seller-(developer, builder, etc.)paid financial assistance prevalent?				☒ Yes	☐ No	
				☐ Declining	☒ Stable	☐ Increasing

Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). Seller concessions are present in the local market and have remained stable at approximately 1%-5%.

Are foreclosure sales (REO sales) a factor in the market? ☐ Yes ☒ No If yes, explain (including the trends in listings and sales of foreclosed properties).

Though foreclosures are present, they are not driving the market.

Cite data sources for above information. Area MLS does not reliably report the listing data for past time periods. Therefore, some of the data for the first two periods are marked with 0.

Summarize the above information as support for your conclusions in the Neighborhood section of the appraisal report form. If you used any additional information, such as an analysis of pending sales and/or expired and withdrawn listings, to formulate your conclusions, provide both an explanation and support for your conclusions.

The above data is a small sample of overall market activity. It is mostly consistent with the overall market data and showed that over the past 12 months activity, absorption rate, values, dom and list/sale price ratio have been relatively stable. Supply and demand are in balance with 11 current sales and 11 active listings.

CONDO/CO-OP PROJECTS

If the subject is a unit in a condominium or cooperative project , complete the following:

Subject Project Data	Prior 7–12 Months	Prior 4–6 Months	Current – 3 Months	Overall Trend		
Total # of Comparable Sales (Settled)				☐ Increasing	☐ Stable	☐ Declining
Absorption Rate (Total Sales/Months)				☐ Increasing	☐ Stable	☐ Declining
Total # of Active Comparable Listings				☐ Declining	☐ Stable	☐ Increasing
Months of Unit Supply (Total Listings/Ab.Rate)				☐ Declining	☐ Stable	☐ Increasing

Are foreclosure sales (REO sales) a factor in the project? ☐ Yes ☐ No If yes, indicate the number of REO listings and explain the trends in listings and sales of foreclosed properties.

Summarize the above trends and address the impact on the subject unit and project.

Uniform Residential Appraisal Report

1524043953
File # 202403-9695

ADDITIONAL COMMENTS

COST APPROACH

INCOME

PUD INFORMATION

The cost approach has been developed and is given no weight within the reconciliation of value. Use of this data, in whole or in part, for any other purpose outside of this report, is not intended by the appraiser. Nothing set forth within the appraisal should be relied upon for the purpose of determining the amount or type of insurance coverage to be placed on the subject property. The appraiser assumes no liability for and does not guarantee that any insurable value estimate inferred from this report will result in the subject property being fully insured for any loss that may be sustained. Further, the cost approach may not be a reliable indication of replacement or reproduction cost for any date other than the effective date of this appraisal, due to many factors including but not limited to; changing costs of labor and materials, supply, demand, building codes, governmental regulations and requirements.

COST APPROACH TO VALUE (not required by Fannie Mae)

Provide adequate information for the lender/client to replicate the below cost figures and calculations.
Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value) Site value derived from current and historic land sales.

ESTIMATED	☐ REPRODUCTION OR	☒ REPLACEMENT COST NEW	OPINION OF SITE VALUE	= \$	45,000
Source of cost data	Cost Data,Builders,Brokers		DWELLING	1,097 Sq.Ft. @ \$ 175.00	= \$ 191,975
Quality rating from cost service	Builder	Effective date of cost data	Current	Basement 598 Sq.Ft. @ \$ 100.00	= \$ 59,800
Comments on Cost Approach (gross living area calculations, depreciation, etc.)			Porch,Patio		= \$ 3,000
Physical depreciation reflects physical wear and is based on age/life method with a total economic life of 60 years.			Garage/Carport	0 Sq.Ft. @ \$ 0.00	= \$
			Total Estimate of Cost-New		= \$ 254,775
			Less Physical	Functional	External
			Depreciation	42,471	= \$(42,471)
			Depreciated Cost of Improvements		= \$ 212,304
			"As-is" Value of Site Improvements		= \$ 30,000
Estimated Remaining Economic Life (HUD and VA only)			50 Years	INDICATED VALUE BY COST APPROACH	= \$ 287,304

INCOME APPROACH TO VALUE (not required by Fannie Mae)

Estimated Monthly Market Rent \$ X Gross Rent Multiplier = \$ Indicated Value by Income Approach
Summary of Income Approach (including support for market rent and GRM)

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? ☐ Yes ☐ No Unit type(s) ☐ Detached ☐ Attached
Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.
Legal Name of Project
Total number of phases Total number of units Total number of units sold
Total number of units rented Total number of units for sale Data source(s)
Was the project created by the conversion of existing building(s) into a PUD? ☐ Yes ☐ No If Yes, date of conversion.
Does the project contain any multi-dwelling units? ☐ Yes ☐ No Data Source
Are the units, common elements, and recreation facilities complete? ☐ Yes ☐ No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? ☐ Yes ☐ No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered “new” if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

C2

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

C3

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

C4

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been adequately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

C5

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs, rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Ratings and Definitions

Q1

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-quality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Q2

Dwellings with this quality rating are often custom designed for construction on an individual property owner’s site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

UNIFORM APPRAISAL DATASET (UAD) DEFINITIONS ADDENDUM

(Source: Fannie Mae UAD Appendix D: UAD Field-Specific Standardization Requirements)

Quality Ratings and Definitions (continued)

Q3

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner’s site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from “stock” standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

Q5

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Q6

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes. Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost. An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant alterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion. A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:
3.2 indicates three full baths and two half baths.

Uniform Residential Appraisal Report

1524043953
File # 202403-9695

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

File # 202403-9695

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
11. I have knowledge and experience in appraising this type of property in this market area.
12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
