INSPECTION PRICE: Conventional system: \$350.00 With PUMP system: \$400.00

OUT OF AREA: the pricing will be \$400 for standard system \$475 for a pump system.

We request the tank be pumped at inspection in order to do a complete and thorough inspection. The fee for septic tank pump out is based on the size of the tank :

1000 gallon tank is \$375 1250 gallon tank is \$420.00 1500 gallon tank is \$420.00

OUT OF AREA: \$495 for pump out regardless of size. Over 45 minute drive

***Pump tank clean out price is .30/gallon (this is the tank where the pump is located)**

☒ Yes, I want the septic tank (and pump tank if applicable) pumped out at time of inspection for a complete inspection.

☐ No, I do not want the septic tank pumped out at time of inspection and I understand that the inspector will not be able to determine the condition of the tank itself if unable to see the sides and bottom of tank.
